Hallowe'en This Year Demands More Apples

APPLES AND HALLOWE'EN

Hallowe'en, as the Feast of Apples, has a special significance this year. It will afford an opportunity to support the appeal of the Government of Canada for co-operation in bringing about a larger consumption of apples during the next few months. An abnormal quantity of apples has been thrown on the Canadian market through the curtailment of shipping space as a result of war.

The apple is more closely associated with Hallowe'en than any other fruit or vegetable; indeed, the apple is intertwined with the history of mankind since the creation. When Adam was appointed to dress the Garden of Eden and to keep it, the apple was fated to be of overwhelming importance to the whole human race. In this connection, the legend of the Apples of Paradise figured in the lore of ancient Egypt more than 5000 years ago. These apples were said to show in their lopsided shape the outline where Eve had taken a generous bite. In this Egyptian lore there was mention of other apples, the apples of Iktahar, all sweetens on one side and bitterness on the other.

There are special reasons why the apple is closely linked with Hallowe'en. In pagan times at the Festival of Pomona, apples played as important part and were distributed as gifts. Children went from house to house asking for Pomona apples in the same way children in Canada solicit Hallowe'en apples today. Pomona was the Italian goddess of fruits, particularly apples (pomes) and at her festival the drinking for apples in robe of water was a distinctive feature of the celebrations in the home.

At the same time, the eve of the 31st of October, and the preceding days around the end of the month, were the occasions of harvest and other ceremonies in various countries particularly in Britain and other countries under the sway of the Druids. When Christianity was established, and the 31st of October named as All Hallowe'en or Hallowe'en as the vigil of Hallowmass, or All Saints Day, it was only natural that many of the pagan festivities were in accordance with the Christian religion were adopted or continued in use by the Christ

ianized pagans, particularly the merry indoor customs associated with the apple, and in these times at Hallowe'en it still is the principal association in the festivities for the occasion. Apples hot or cold, are always welcomed at Hallowe'en parties. Here are some recipes appropriate to Hallowe'en.

TAFFY APPLE

3 cups sugar, 1 cup water, 1 teaspoon elder vinegar, a few grains salt.

Boil together until it cracks when dropped in cold water. Add a few drops of red vegetable coloring. Wash and polish med 'um sized red apples. Insert a wooden skewer in blossom end of each and dip apple in syrup, turning until well coated. Place on waxed paper until cool.

Voluntary Registration Of Canadian Women

Local Booth Will Be Open For Business Until Thursday Next.

The Convenor of Publicity for the Voluntary Registration of Canadian Women writes: "The Voluntary Registration of Canadian Women is taking place throughout the whole province of Alberta. Women everywhere realize that this registration is a survey of the qualifications of Canadian Women rather than their enlistment for active service. It has been made clear by the V.R.C.W. that if a woman has registered, and volunteered for a certain type of work, but finds that sometime later that she is unable to qualify then the registration is not binding. But women everywhere are seeing more clearly their individual responsibilities in bringing about conditions that will help to change the world to the sort of place in which we would like to live. Women who have homes and families to care for are not expected to neglect their nearest duties for work far afield. There is no more important work for women to do than that of caring lovingly and thoughtfully for their families and homes, but all women in the national crisis are anxious to contribute their service to their country. The V. R. C. W. registration form will be an indication of what additional help a Canadian woman might be able to give if the occasion arose, and her circumstances have not changed in the meantime. By registering with the V.R.C.W. women will not be removed from the work they are already doing, unless they themselves would so desire.

When the forms are signed they will be card indexed. Three copies will be made. One will go to the Government, another to the National Committee of the V.R.C.W., the third to the Province.

The Federated Women's Institutes of Canada have approved of this plan of V.R.C.W.

Women—Canada needs your help. See that you register immediately at your nearest centre."

Register now at the Review Office. This booth will continue open for one week from today.

Moral Rearmament The Answer To Crises And War

Outstanding Men of Rhodesia Express Themselves on Peace.

In appealing for the application of the principles of Moral Rearmament to meet the national emergency, Sir Herbert Stanley, Governor and Commander-in-Chief of Southern Rhodesia, The Hon. Mr. Flynn, Acting Premier, The Hon. Sir Alexander Russell, Chief Justice, and The Hon. Robert Tredgold, K.C., Minister of Justice and Defence, said: "What peace can be founded even out of the battle for principles? It victors and vanquished cease to live these principles the moment it becomes difficult where greed and fear pervade our business activity, where pride and prejudice dominate our attitudes and where, self-indulgence and lust undermine home life there can be no lasting peace for individuals or nations.

"We wish every citizen to undertake as his first duty to God and for his country's future of searching self-examination along these lines—am I always guided by principles alone or do expediency, fear, greed, lust and exploitation sometimes determine my conduct? Am I willing to face my lapses, put them right and be guided always by the voice of God at any cost? Is he no new call. It was sent by Lord Balfour in his appeal for Moral Rearmament."

"God's Living Spirit calls each nation, like each individual, to its highest destiny, and breaks down the barriers of fear and greed of suspicion and hatred. This same spirit can transcend conflicting political systems, and and reconcile order and freedom, can reconcile true patriotism can unite all citizens in the service of mankind. 'Thy Will be done on earth' is not only a prayer for guidance, but a call to action. For His Will is our peace."

Major Bott addressed the Bible Class in the Empress Theatre Monday evening on the subject 'The Conquest of Life.'

We are glad to be able to announce this week that work on the construction of the C.N.R. Pier through Redcliff to Hanna will be commenced at once, and continued as long as weather will permit.

MILITIA RECRUITS WANTED

The Armouries at Redcliff will be open on Monday and Wednesday nights for the purpose of enlisting recruits into 'O' Company of the 1st B. A. R. Militia.

Here is an opportunity for all men between the ages of 18 and 45 to brush up if they have had previous military training, and to train in military duties if previous training is lacking.

Men enlisting in this unit are not required to serve overseas unless further contingents are to be sent. In this case re-enlistment will be necessary and of course will be on a voluntary basis. Recruits into the Militia at this time could be called upon for home defence if an emergency arose.

Once the unit is recruited up to strength, courses will be held for B. C. O's which will be conducted in such a manner as to acquaint everyone with the latest military practice and tactics.

It is felt that there are many men in Redcliff who will welcome this opportunity of preparing to do their bit for the Empire providing they are called upon to do so. Here is the opportunity to at least start in that direction and every effort will be made to see that each recruit is properly trained and given an opportunity to qualify according to his ability.

On Tuesdays and Thursdays training classes will be held at the Medicine Hat Armouries. Redcliff men will be transported to the Hat on these evenings to take advantage of these opportunities for training. There are still openings for more recruits in the Redcliff unit.

At present 12 to 15 recruits are attending the training classes in Medicine Hat on Tuesdays and Thursdays. Others intending to join up should be so at once. The present training being given is for N.C.O.'s and officers. These successful in qualifying will form the N.C.O.'s and officers necessary around which to build a reorganized B. A. R.

Anniversary At Gordon Memorial Held Sunday

Rev. R. E. Pow. Guest Speaker, Supper and Concert Monday

Anniversary Services in Gordon Memorial Church last Sunday were well attended. The church was beautifully decorated with cut flowers and potted plants for the occasion.

At the morning service Rev. R. E. Pow, a former minister, had charge of the service and preached a very appropriate sermon on 'Faith or A Vision of God.'

The Junior Choir, under the leadership of Mrs. T. Balmer sang very sweetly two special numbers.

After the service, members and many others were pleased to meet and greet their former pastor and Mrs. Pow who accompanied him.

At the evening service Mr. Pow gave a very inspiring address on the subject 'The Larger View'. Special music was rendered by the Senior Choir.

On Monday a Supper was served in the church basement, at which there was an exceptionally large attendance.

Upon conclusion of the supper a short program was rendered when Mr. Pow addressed the audience on the subject 'Courage'. Vocal solos were sung by Miss Mary Judge and Mr. Gordon Campbell of Medicine Hat. They were accompanied on the piano by Miss Hughes, also of Medicine Hat. Mr. Campbell also led the community singing which was much enjoyed.
